About the Blokes' Book

The purpose of this booklet is to promote men's health and well-being.

Inside you will find relevant services and resources that are aimed to support and encourage men to stay well and if help is needed, to be able to find this locally.

This booklet was produced by a working partnership between Stuart at Kidz Need Dadz Trust Wellington and Peter at Father&Child Trust Wellington. Additional support was provided by Sam and Zac who started the networking connections with local organisations in Palmerston North and the regions.

Charitable funds were raised to cover the production costs which has enabled this booklet to be distributed as a FREE publication. Our sincere thanks to all of our funders who have been acknowledged on the back page.

Physical health – do the basics

REGISTER WITH YOUR LOCAL DOCTOR: To look after yourself better, go in and register with your local Doctor. To find a Doctor near you, go to:

www.centralpho.org.nz/general-practices | P: 06 354 9107

Go for a general checkup or 'Warrant of Fitness' when you register. Don't wait till you are unwell – make an appointment straight away.

HEARING TEST: If you having difficulty hearing or if your mates, wife, partner are saying that you seem to be 'going deaf', make an appointment with a local audiologist for a checkup. To find one near you go to:

www.audiology.org.nz/find-an-audiologist.aspx

DENTIST: If you can't remember the last time you went to the dentists – go find a local dentist to check out your teeth. A search online with << dentists Manawatu >> will give you a number of dentists to choose from. Take care of your teeth by using electric/battery toothbrush and try to use dental floss between your teeth regularly.

SLEEPING AND SNORING: Refer to next page for more details.

EYESIGHT: Get your glasses checked every two years, Contact Lens every year. Go see an optician for an initial assessment to screen for health issues and if you feel that your eyesight ability has changed.

BOWEL CANCER AND PROSTATE CANCER: We've all heard about these serious cancers that men are particularly prone to getting. Ask your doctor to check you out and talk to him about it BEFORE you think you have 'something going on down there'.

**Have a doctor...
and use them!**

“ With some fellas – say, with heart or skin cancer – they leave it too late, when a check up at the doc's would have picked it up.”

Sleeping, snoring and sleep apnea

Sleeping and Snoring

Bad sleep and snoring are no joke!! It leads to bad moods, angry partners, difficulty concentrating and workplace injuries.

Over the long-term, this can create a higher risk of disease leading to an early death, as well as

- Heart disease
- Strained relationships
- Diabetes
- Obesity
- Erection problems

There are usually lots of effective ways to improve your sleep.

For options talk to your GP, or contact the sleep specialists listed on this page.

Here is a Sleep Specialist company that runs clinics in Palmerston North that you can contact:

Sleep Apnea

What is Sleep Apnea?

Sleep Apnea affects more than 3 in 10 men and nearly 1 in 5 women, so it's more common than you might think.

Sleep Apnea affects the way you breathe when you're sleeping. In untreated Sleep Apnea, breathing is briefly interrupted or becomes very shallow during sleep. These 'breathing pauses' typically last between 10 to 20 seconds and can occur up to hundreds of times a night, jolting you out of your natural sleep rhythm. As a consequence, you spend more time in light sleep and less time in the deep, restorative sleep that you need to be energetic, mentally sharp and productive the next day. This chronic sleep deprivation results in daytime sleepiness, slow reflexes, poor concentration and an increased risk of accidents. With treatment you can control the symptoms, get your sleep back on track and start to enjoy being more alert every day.

"I tried to laugh it off..."

but she hated my snoring and I just got sick of being tired all the time."

Weight loss for men - 7 best tips

1. ***Losing weight has benefits for health, energy, agility, stamina, back-strain and self-esteem***
Small steps to change is all it takes.
2. ***Weighing up the pros and cons of losing weight is a personal matter***
If you are ready, weight loss information is the next step.
www.menshealthnz.org.nz/georges-weight-loss/
Refer Ministry of Health website/ Healthy Living page/ Help managing your weight.
3. ***Eating fewer calories leads to weight loss***
High calorie foods include sugary foods and alcoholic drinks. Coloured vegetables – like carrots, broccoli, peppers - are great low calorie foods.
4. ***Burning more calories leads to fat loss***
Including deliberate exercise and being more active in daily life adds to weight loss and helps to maintain weight loss.
5. ***Getting off-track with new habits doesn't mean instant weight gain***
This is part of changing. Getting back on track at the next meal or the next session of exercise restarts the weight loss.
6. ***Keeping weight off depends upon keeping new habits over the long haul***
The more you practice healthy habits, the easier they become. Having enough good quality sleep is important for achieving a healthy weight. Refer to the previous page for sleep problems.
7. ***Exercise***
30 minutes of exercise 5 times in a week for general fitness. Build it up to 45-60 minutes of exercise 5-6 times a week. Include bursts (no more than 60 seconds at a time) of exercise at your maximum capacity to activate fat burning hormones.

Sorting things out through counselling

Men are generally great at getting by. But it's important at different times to stop and digest things that have happened and come up with better ways to live. Having counselling is one way to do this. Counselling doesn't magically fix problems but it helps you work through issues and options to find ways that can assist you.

Choosing a Counsellor that suits you

Good counsellors may be known by people you already know.

Recommendations from friends, people you work with, your GP, other guys who have been in similar situations are a great starting point.

Some counsellors offer consultations by SKYPE, and in the evening or at weekends.

Covering cost of Counsellor

Some counsellors offer a sliding scale based on your income.

Some agencies or churches have subsidised services you can access.

Work and Income New Zealand or your GP may be able to suggest funding options for you.

How to find a local counsellor near you?

where to start?
We can help.**

At Manline you will find qualified male counsellors to explore what is on your mind in a safe place.

We work one to one with men from the age of 13 onwards, from all cultures and backgrounds.

You can find out more about us on our website, check us out!

For more information or to make an appointment, see our contact details on this page.

The views of Organisations advertising in this brochure do not necessarily reflect the values of Manline.

We offer face to face counselling on the issues you want to talk about, and we work at your own pace.

Issues may include relationships, anxiety, grief, loneliness, suicidal thoughts, self harm, addictions, abuse, workplace stress, sexual identity, being a dad, anger or violence, separation or divorce, and more.

We work by appointments, and may be able to offer after hours or weekend times depending on your location.

As Manline is a registered charity, all services are by donation or koha. We would never let a lack of money stop you coming to see us. Some counselling may be subsidised by other funders such as Lotteries, Oranga Tamariki, City Council, or the Primary Health Organisation.

Being a dad

Some fathers may have no idea how to be a good dad, but if keen, any dad should be given all the information and support services he needs. It is often called an injustice that fathers are seldom informed or encouraged to be better partners, parents and caregivers. Here are just a few sources of great information for dads.

Being a dad – the best job on the planet

New mums tend to get more information than new dads. Sometimes it seems as if the world is revolving around your partner and your baby, but there is so much you can do in your new role as a dad.

Check it out here: www.plunket.org.nz/your-child/welcome-to-parenting/family-and-whanau/fathering

Support for Dads

Fathers need parenting support too. Adjusting to your new role can feel overwhelming and tiring as there's lots to learn in such a short time.

Check out their website: www.plunket.org.nz/your-child/welcome-to-parenting/family-and-whanau/fathering/where-can-fathers-get-support

Great Fathering in Manawatu

www.parentlinemanawatu.org.nz/great-fathering.html

Contact through their website.

An 8 week programme. Tuesdays 6.30 - 9 pm for fathers.

Topics include:

- Why fathers and fathering are important
- Being the father you want to be
- Working in partnership with mothers and others
- Fathering from outside the child's home

A group for Manawatu men who have made a long term commitment to the care, well being and growth of particular children. Many types of men do the work of fathering: fathers, step-fathers, uncles, grandfathers, mother's partners, mentors, step-grandfathers and good men in the community.

Breast Feeding Mum? Tips for Dads

Tell her she's doing a good job. The science shows you'll have a happier, healthier child because of her effort.

Tell her you support her with this regularly. You can find good resources to help and advise your partner with her breastfeeding.

Get knowledgeable support from someone trained in breastfeeding at La Lèche League: www.llnzshop.org.nz | P: 04 471 0690

Do extra house work. That extra hour a day you put in while she is drained by breastfeeding is an investment in your relationship. So cook, clean, check with her what she needs.

Keep her company. Make sure she's in a comfy chair and warm enough, bring her a glass of water and snacks, have a chat or just hang out with her while she's nursing.

Take care of yourself. Too many men work extra hours when they could hold off. Schedule a night out with your friends once a week.

Weight gain can happen for various reasons. Get walks in with baby or on the way to work.

Teen dads

Parenting as a Teenager

Teenage parents face similar ups and downs to older parents. But parenting as a teenager does have special challenges, including handling people's judgmental attitudes and finishing your education. Support and planning can help overcome these challenges.

Separating dads

We are committed to raising the importance of Fathers in relationships, in families together and in families with two different homes.

Everywhere children need to be nurtured and shared and loved!

- Many dads don't see it coming.
- Shock, loss, grief and anger are common
- Ignoring things and denial don't help
- It does take time before things settle down
- Focus on your children, their welfare is number 1
- Stay calm, talk to mates, consider counselling
- Try to work out a parenting plan together
- Mediation can help
- Your kids do need you in their lives
- Regular contact is good for kids and dads
- Working together is best for your kids

The BEST parent after separation is BOTH parents

Separated dads

SEPARATION:

On separating, many dads suffer shock, loss, grief and anger, and there may be a bit of denial. It may take time before things settle. We know that Parenting Plans about the care of children should come first and these work better if the couple sort them out together. An important part in these plans and agreements is especially around maintaining contact and sorting a plan for both parents to work together in support of their children. See Making a Parenting Plan on Ministry of Justice website listed on this page.

Family Court

Freephone: 0800 224 733 (weekdays)
www.justice.govt.nz/family/about

The Family Justice System can help people who have separated to get help outside of the court to help them agree on how they will care for their children.

Refer **Family Dispute Resolution** services on pages 36, 40 & 42.

If you can't agree, then you may need to approach the Family Court to resolve things.

The Family Court deals with lots of issues, from making orders for children not yet born right through to older people who are in need of care and protection.

Check out the Ministry of Justice's website for information about the Family Court including: what to expect at Family Court, file & serve your documents, legal help in Family Court, lawyer for the child & Family Court fees & costs.

There are 3 Family Courts in this region:

Palmerston North	E: palmerston.dc@justice.govt.nz
Levin	E: levin.dc@justice.govt.nz
Dannevirke	E: dannevirke.dc@justice.govt.nz

Legal Aid

General legal aid enquiries – Ph: 0800 253 425
www.justice.govt.nz/courts/going-to-court/legal-aid

Legal aid is government funding to pay for legal help for people who cannot afford a lawyer.

It helps people to resolve legal problems that may go to court and makes sure that people are not denied justice because they can't afford a lawyer.

The two main types of Legal Aid are for Civil/Family and Criminal cases.

Find out if you can get legal aid, how you can apply for legal aid and how you can find a lawyer.

Volunteering...

At the Volunteer Resource Centre Manawatu and Districts, they know first-hand how volunteering can change a person's life. They see it happen, day after day.

People volunteer for all sorts of reasons:

- To get work experience and improve their CVs
- To get job references
- To test out different types of industries before deciding what to study
- To make friends when they move into a new town
- To learn kiwi culture if they have moved from another country
- To learn something new
- To teach someone else your skills
- To support something you believe in
- To keep busy after retiring

Whatever your reason, the Volunteer Centre can support you to find the right role for your skills, your experience and your time.

Whether you have a couple of hours to spare a year, a month, a week or a day, there will be an organisation who needs you.

PSC offers services in Manawatu and Horowhenua.

Enliven

Positive Ageing Services

For Manawatu and Horowhenua services call
Presbyterian Support Central – 04 439 4900
www.enlivencentral.org.nz

Enliven services are focused on caring for the aged - creating elder centred communities where people have companionship, variety, choice and control, as well as meaningful activity and purpose.

Enliven services are designed to help people maintain their independence in a way that's right for them. Best of all, when a person's needs change, so too can the support we provide.

Menzsheds bring men together in one community space to find companionship, share their skills, and use their talents to benefit their local community.

If you are retired, and have time to spare, Menzshed could be the place for you to enjoy the company of like-minded men, and make new friends.

There are currently six Menzsheds in the Manawatu, Horowhenua, Tararua region.

CONNECT

1.

Developing friendships and spending time with your mates makes a big difference to how you feel. Even in a busy life, try and make it a priority. The rewards will be huge.

TAKE
NOTICE

2.

Taking notice of the small things in life is important. Each day take a few moments to stop and think about what's most important to you and what you can appreciate.

Give

3.

When you give to others, not only do you benefit, but it makes you feel a lot happier too. Consider ways you can give back to the people around you and yourself too.

KEEP
LEARNING

4.

Being curious and learning about all sorts of things on or off the farm will help you farm smarter. At whatever age, learning new things is good for your brain.

BE
ACTIVE

5.

Keeping active is a great way to feel good. Working up a sweat releases endorphins that make you feel fresher and better able to cope with challenges.
